

2015 MEMBERSHIP SURVEY NARCOTICS ANONYMOUS – EUROPE

At every NA World Convention since 1996, NA World Services has distributed demographic surveys. In 2009, the survey was disseminated at the world convention that was held in Barcelona, Spain. With increased community collaboration, the Europeans were encouraged to participate in the 2015 Membership Survey online and via mail and fax. There were 2,176 responses from European members in 2009; for the 2015 survey, there were 3,012 responses from Europeans. We collect these data to provide information about our fellowship, strengthen our public relations efforts, and learn more about how and where we carry our message of recovery.

NA Membership

NA is composed of people who come from many races, cultures, age groups, professions, and backgrounds. The only requirement to become an NA member is the desire to stop using drugs. The decision of membership in the NA Fellowship rests with the individual.

There are no annual dues or fees for membership: We are self-supporting through member donations and the sales of recovery literature.

NA is a community-based organization that holds nearly 67,000 weekly meetings in 139 countries.*

Age

Based on survey responses, the average age of NA members in Europe is 39.87 years.

*As of April 2016

Gender

Ethnicity

The ethnic diversity of our membership tends to be representative of the geographic location; however, the ethnicity responses for the 2015 survey were primarily received via online surveys and fax/mail. When we conducted this survey in 2015,

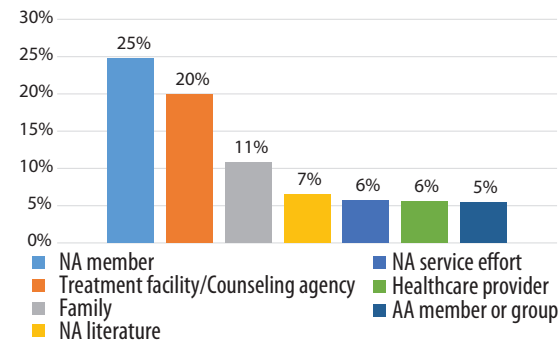

- 90% of respondents were White (Caucasian; of European descent);
- 3% identified as multiracial;
- 2% were Asian;
- 2% were Black;
- 1% were Hispanic; and
- 2% were other.

Importance of First NA Meeting

Influence to Attend First NA Meeting

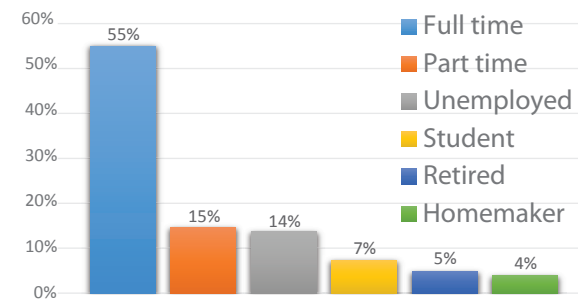

Multiple answers were permitted; only the top seven choices are shown.

Meeting Attendance

Regular attendance at NA meetings provides the opportunity to experience the NA message of recovery. Members surveyed attend an average of 3.1 meetings per week.

Employment Status

Years Drug-Free

The European average length of cleantime in NA is 7.88 years.

Primary Drug Used

Multiple answers were allowed.

Drugs Used on a Regular Basis

Multiple answers were allowed.

Involvement in Other Twelve-Step Fellowships

No 61%
Yes 39%

Quality-of-Life Improvement Areas

Multiple answers were allowed.

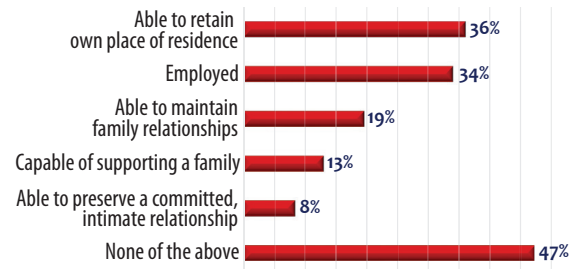

In 2015 the two areas that received overwhelming improvement with NA attendance were family relationships, where 89% of our members stated enrichment, and social connectedness, realized by 88% of the respondents. NA literature states that active addiction is marked by increased isolation and destruction of relationships. Recovery in NA has helped survey respondents to repair the damage in their lives from drug addiction.

Areas of Life Affected by Drug Use

For several years, professionals and members alike wondered whether addicts were able to maintain employment, familial relationships, and housing while using drugs. In the 2015 Membership Survey, the question was posed to the members; 47% of the respondents indicated that all areas of their lives were affected by drug use, and 34% stated that they were able to maintain employment. Areas most notably affected by drug use were familial relationships and providing for a family.

Before Coming to NA...

Multiple answers were allowed.

About NA

Narcotics Anonymous is a worldwide fellowship of recovering addicts whose primary purpose is to help addicts stop using drugs by utilizing a twelve-step approach. NA is not a religious organization and does not require any particular belief system. It teaches basic spiritual principles such as honesty, open-mindedness, and willingness, to name a few. The specific practical application of these principles is determined by the individual member.

NA members learn from one another how to live drug-free and recover from the effects of addiction. Although not associated with any religion, political group, organization, or institution, NA cooperates with professionals and the public by providing information about the fellowship.

Questions about NA meetings in other countries, general information about the fellowship, and the entire fellowship Membership Survey can be obtained by contacting NA World Services. The link for the full survey is www.na.org/?ID=PR2.
